Construction de votre jeu

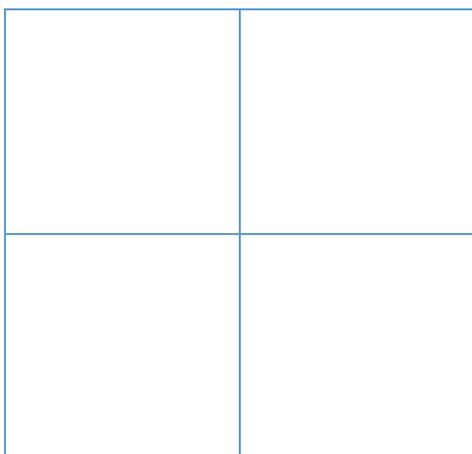

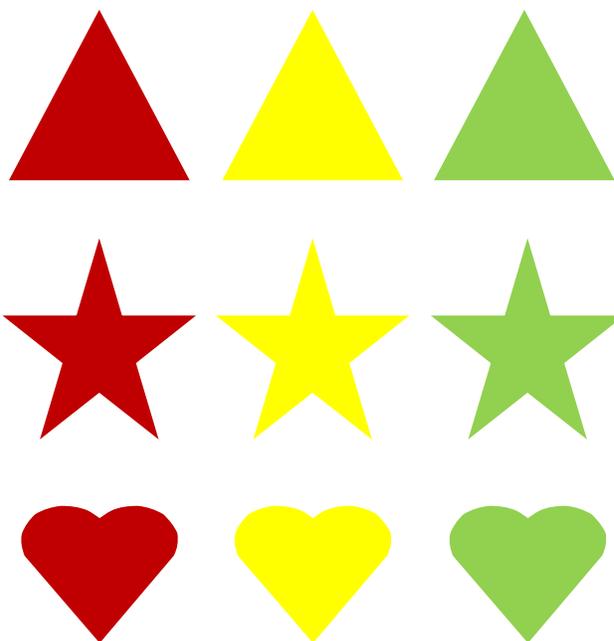

Vous devez fabriquer votre module de jeu.

Vous avez besoin :

- 2 feuilles cartonnées blanches que vous allez dessiner un tableau 4X4 sur une et 3X3 sur l'autre
- Feuilles de couleur : rouges, jaunes et vertes
- 3 cœurs
- 3 étoiles
- 3 triangle
- Un crayon feutre

Vous pouvez imprimer cette
feuille sur du papier cartonné et
le découper également.

Déroulement du jeu

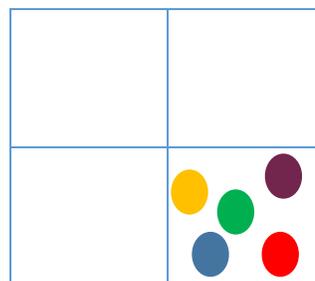

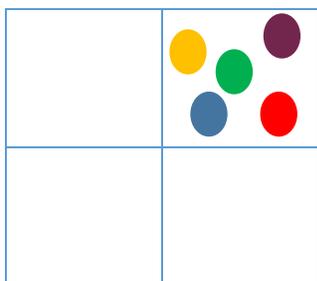

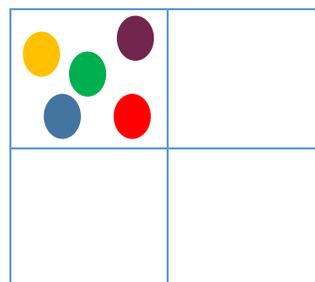

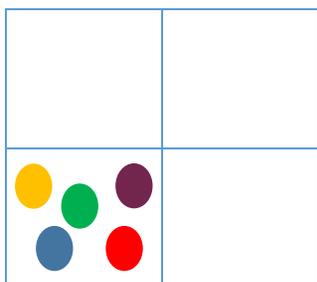

Vous devez trouver à quel endroit la pièce doit aller.

Le carré picoté du schéma représente le bon endroit.

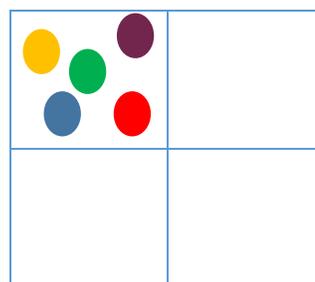

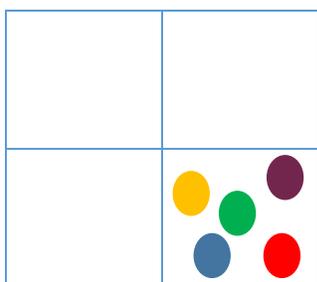

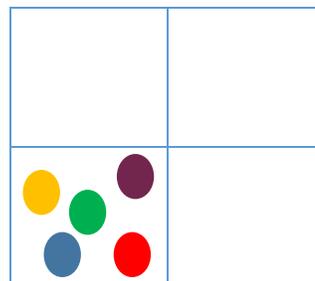

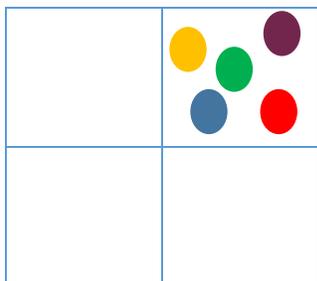

Lorsqu'il y a un **X** sur une case, c'est que la forme ne doit pas aller à cette endroit.

Plus vous avancez dans le cahier d'activités, plus les défis seront grands !
